### Community Center Group Organizes With A. W. Lair as Board President

Permanent officers and a board of directors were selected Tuesday night for the development of a community center for Canyon. A series of committees to study needs, financing, location and building were appointed, also.

A. W. Lair was named president of the board, with Riley Troth, vice president, Mrs. Dick Louder, secretary, and Michael Morris, treasurer. Members of the board of directors are the elected representatives of the clubs and organizations participating in the community center project.

Lair appointed a committee to determine what facilities should be included in a community center. The members of the committee are Judy Taylor, Morris, and Mrs. George Dudley Moore.

The second committee appointed was one to study plans of financing. Included are Troth, Col. E. L. Lindsey and W. E. Miller.

Lair, Mrs. W. E. Parker and Mrs. O. W. Parker were appointed on a committee to study the type of construction which would be best for a Canyon community center. Mrs. Ples Harper, Mrs. R. P. Jarrett and Karen Sue Parker were named to a location committee.

Attending the meeting were 28 representatives of 17 organizations, including six teenagers who were at the meeting to offer their help in the project.

Reports from the organizations showed that most would need small meeting rooms, a larger hall and kitchen facilities in a community center. It was suggested that the center include an acoustically sound hall for lectures, recitals and programs planned for small audiences.

The youths attending the meeting said they would like to see room for a multitude of activities, including shuffleboard, ping pong, room for dancing, snack bar, and other games.

It was decided at the meeting that any organization wishing to add its support to the community center project would be asked to elect a member to be on the board.

### Rites Sunday for Mrs. Zoe Holman

Funeral services for Mrs. Zoe Smith Holman were conducted Sunday afternoon in the First Christian Church by the Rev. Gerald Findley, pastor, assisted by Dr. Joseph Findley.

Palbearers were Lee Foster, W. A. Miller, Marion Higdon, Levi Cole, W. H. McKee and John Hunter. Burial was in Dreamland Cemetery under the direction of Warren-LaGrone Funeral Chapel.

Mrs. Holman, 73, died Saturday morning at her home. She was born Jan. 20, 1884, in Missouri. Mrs. Holman moved to Canyon in 1924 from Groom. She was a member of the First Christian Church.

Survivors include two sons, L. H. Holman and Larry E. Holman, both of Canyon; two daughters, Mrs. Frances Foster, Canyon, and Mrs. Floy Hays, Anchorage, Alaska; six sisters, Mrs. Jessie Clouds, Portland, Ore., Mrs. Mary Foster and Mrs. Haley McGinty, both of Springfield, Mo., Mrs. Julia Early, Kansas City, Mrs. Sady Schiermeyer, Hemet, Calif., and Mrs. Agnes Daugherty, Denville, Mo.

of directors. The next meeting of the board will be Nov. 1 at 7:30 p. m. in the commissioner's courtroom in the new jail building.

Those attending the meeting Tuesday and the clubs they represent are Mrs. Dick Barrett, Westside Home Demonstration, Mrs. Tommie Pierce, Business and Professional Women, Mrs. O. W. Parker, Business and Professional Women, Mrs. David Kaplan, AAUW, Mrs. C. W. Dunn, Canyon Mother-in-Law Club and Social Pioneers, Mrs. D. M. Foster, Priscilla Club, and Mrs. W. E. Parker, Canyon Garden Club.

Mrs. R. P. Jarrett, Sue Hite, Mrs. Dick Louder, Junior Woman's Book Club, A. W. Lair, Rotary, Mrs. George Dudley Moore, Woman's Book Club, Mrs. R. A. Hodges, Randall County Home Demonstration Council and Pleasant View HD Club, Mrs. Billy L. Johnson, Jayceettes, Kenneth Waugh, Lions, and Col. Edward L. Lindsey, Schooners.

W. E. Miller, P-TA, Michael Morris, Jaycees, Floyd H. Henson, Jaycees, Bill Henry, Jaycees, Wayne Wirt, Jaycees, Mrs. Ples Harper, Music Arts, and Bill Callarman, J. W. Sims, Karen Sue Parker, Betsy Callarman, Judy Taylor and Dusty Lou Hiltbrunner, representing the youth of Canyon.

### Rain Stops Grain Harvest

Gentle, slow-falling rain since Saturday has turned country roads into strips of gumbo and has delayed harvest of grain sorghums in the area.

The rain, which totaled .69 of an inch in Canyon, has been general over all of the county, and added to the rain which fell on previous weekends has made wheat sowed earlier grow like weeds in the spring.

The rain in Canyon totaled .45 of an inch Saturday and Sunday, and .24 of an inch Monday. This month, the rain total has been 3.18 inches.

### \$1 Rate Offered For Polio Shots

Persons who received their first two polio vaccine shots during the drive sponsored by the Westside Home Demonstration Club will be able to get the third shot at the special rate of \$1, the price paid for the first two shots, according to Mrs. Mona Hildreth, Home Demonstration Agent.

Both the Medical and Dental Clinic and Neblett Hospital will give the shots. The third shot is due seven months after the second one, but may be given anywhere from eight to even 10 months after.

Doctors have requested that those wishing only polio shots to wait until the present rush of flu victims has slowed down.

The \$1 price will be good only so long as a supply of vaccine received from the state health department holds. A shipment of the state vaccine was received recently and will probably last for the rest of this month, doctors estimated. When the supply is gone, the price will rise again.

Maurice Turner of Huntsville, chairman of the state Parks Board, peers through a rain-streaked window of Coronado Lodge at Palo Duro Canyon during the inspection of the park Sunday afternoon. Turner described Palo Duro as the "best park in Texas, including the Big Bend."

### Eagles Shake Flu Weakness To Begin Practice for Dimmitt

After a disastrous week with practically all the A squad either sick or weakened with flu, the Canyon Eagles began workouts Monday in better shape to meet Dimmitt Friday night in Buffalo Stadium.

Coach Bill Davis was heartened by the showing of his charges Monday afternoon. "We had one of the best workouts we've had all year," he said. "The boys worked hard and hustled, and they didn't tire as much as I thought they might."

He said that only Alan Hanks, who was in bed Friday, and Eddie Boydston showed signs of weakness. Hanks took a light workout, but Boydston worked with the rest of the team.

"Eddie seemed to get stronger toward the last of the workout. It seemed like he got his second wind," Davis said.

The Eagles were hit with the flu last week, prior to playing Tulia. On Monday, only three of the starting eleven were present for workouts. The attendance grew better during the week, but the team did not have full workouts at all, and there was no contact work.

When they played Tulia, the Eagles were so weakened by earlier sickness that they grew tired during the first quarter and were never able to provide

a good scoring punch after the first touchdown.

The game with Dimmitt Friday will be the second conference game for both teams. Dimmitt beat Dalhart 13-0 last week in the district opener for the two teams, while Canyon lost 13-6 to Tulia.

So far this season, Dimmitt has won five games and lost one. The loss was 32-0 to Lockney. Dimmitt's opponents have scored in only one more game, the 21-6 Dimmitt win over Hereford.

Their record includes wins of 44-0 over Springlake, 34-0 over Abernathy, 24-0 over Hale Center and the Dalhart and Hereford wins. Dimmitt has scored 136 points to 38 for their opponents.

The leading scorer for Dimmitt is Keith Lowe, 160-pound right halfback. Lowe has made seven touchdowns, including one on a pass from Norman Touchstone, the quarterback.

Next to Lowe is Norman Nelson, 140-pound halfback, who has scored six touchdowns, also including one on a pass from Touchstone.

Third in line in scoring is Zay Gilbreath, 155-pound fullback, with two touchdowns. First string end, Gary Cleaver, 172 pounds, scored once on an intercepted pass. Touchstone, 155, has scored one touchdown, in addition to his two passing touchdowns.

Coyce Wilkerson, left guard, scored one touchdown against Springlake. Right end Jerry 155 pounds, scored one running touchdown. Substitutes David Bradley and Jimmy Curtis have also scored one time each.

The Dimmitt line averages 168 pounds and the backfield averages 152.

District 2AA will be Abernathy, Lockney, Muleshoe, Olton and Morton, promoted from class A.

Swelling the crowd of exes, visitors and students will be about 450 students from Hardin-Simmons who will arrive in Canyon by special train about 11:30 a. m. Saturday. WT's Student Senate will meet the train with about 30 chartered buses to transport H-SU visitors to the campus.

Exes will meet at a business session at 1:15 p. m. in the Administration Building auditorium. New officers of the Ex-Students Association will be elected.

The Collegians, WT's dance band, will play for the Homecoming Dance, which will climax the day's activities. Slated in the cafeteria, admission will be 50 cents a person.

During the dance, a "Football Queen," chosen by the Buffalo football squad, will be crowned.

### See Maps for Road System, Lakes To Develop Park on Long Range

Tentative approval for a grand plan of development for Palo Duro Canyon State Park was given Monday by the Texas State Parks Board following a hearing in the Herring Hotel in Amarillo. The hearing was the climax of a two-day visit by the board to Canyon and Amarillo. After presentation of

the plan by Mark Miles, chairman of the Amarillo Chamber of Commerce tourist development committee and head of Amarillo's Park and Recreation department, the Parks Board said that the plan is feasible and is worthy of study for the future.

"Could we leave here today with the idea that we're just beginning and not that we've done the best we can and leave it at that," said Maurice Turner of Huntsville, chairman of the board.

The plan presented by Miles, and developed by members of the Canyon and Amarillo Chambers of Commerce, calls for:

1) Purchase of an additional section of land which includes the Castle Peak and the Lighthouse, trademark of the park.

2) Development of a complete road system in the park to permit easy access to principal features of the park by motorists.

3) Development of three lakes in the park.

4) A program of future development of housing facilities, parking areas, picnic grounds, nature trails and other services to attract greater numbers of patrons.

The road system would extend the present paved road in several places, opening up portions of the park now accessible only to hikers and horseback riders. The present road would be extended east and south to South Cita Canyon.

The road would then go west through South Cita and over the Canyon walls into North Cita, then turn north and west to go by the Lighthouse and down around Capitol Peak to hit the present road in the vicinity of the mouth of Sunday Canyon.

Branching off from the road in the south part of the park would be another road which would circle the top of Mesquite Mesa to give a skyline drive. Another road would circle back into Sunday Canyon and another would give access to the western portion of Timber Creek Canyon, directly under Coronado Lodge.

Miles told the Parks Board that the proposed road system would be about 30 miles long and could be built on a progressive plan. He said the state highway department estimated the cost of the entire system at \$675,000.

The three lakes would include one with 100 surface acres near the mouth of Sunday Canyon, with a 1,000-foot dam that would be about 60 feet high at its deepest point; a second dam with a lake of 30 acres in Timber Canyon; and a third of 40 acres in North Cita Canyon.

Miles estimated that the large dam at Sunday Canyon would cost \$150,000, and would impound 1700 acre feet of water.

Miles was asked which feature should be developed first, and said that the road to the Lighthouse and Castle Peak should come first.

"I think water is the key to the whole situation from a recreation standpoint," answered Ed Kilman, member of the board from Houston.

Following presentation of the plan, Raymond Dillard, member of the board from Mexia, cautioned the delegation that the Parks Board is the "poorest" of all the state agencies. Frank Quinn of Austin said the Parks Board gets about five cents per Texan per year for operation—some \$400,000 for all of the state parks.

Quinn suggested that the board take the plan for Palo Duro and ask for the National Park Service to make a resurvey of the park for advice. He said the Park Service has a section dedicated to helping states with park problems.

Turner told the delegation that the problem in developing Palo Duro is mainly financial. He said the board had a budget of \$15,000 for Palo Duro last year—the money that was left from gate admissions and concessions after outstanding bonds were serviced.

Turner said that the bond covenant requires that 90 per cent of the admission money, 100 per cent of all concessions and 100 per cent of all grazing must go to paying off the bonds. "To launch the program, we must find means of financing to service the bonds and have some left over," he said.

"Until the bonds are paid off, all revenue must still go into sinking funds," he said. The board reported that since 1947, almost half of the bonds have been paid off.

In 1947, there were some \$300,000 in outstanding 30-year bonds. Payments this year brought the remaining total to \$175,000.

Dillard estimated that the indebtedness would be paid in six or seven years if attendance at (Cont. on Back Page, Section 1)

### Flu Remains in Canyon Schools

Flu bit deeper into the ranks of the Canyon Elementary school this week, as absenteeism began to fall in the junior and senior high schools.

On Monday, nearly 30 per cent of all students enrolled in the school system were absent, with most of them absent from the elementary school. On Tuesday, the percentage had dropped to about 26.5, but most were still from the lower grades.

Supt. Joe Gibson said it was impossible to tell if all of those absent were sick, as the weekend rain had muddied roads so badly that the busses were unable to make their complete routes. He said, however, that the number of pupils in school rose both Monday and Tuesday because parents had brought children to school who live on bus routes which were not completed.

The flu epidemic hit the school beginning Oct. 14 and rose daily until Monday, and began dropping Tuesday. On Oct. 14 there were 245 absent, on Oct. 15, 249; Oct. 16, 251; Oct. 17, 257; and Oct. 18, 269.

On Monday there were 364 out of school and Tuesday there were 326. The average absenteeism for the seven days was 23 per cent. During the first six weeks, the average was about five per cent absent.

The number of pupils absent from the elementary school last week rose from 75 on Monday to 143 on Friday. This Monday there were 230 out and on Tuesday there were 200. Some 596 were enrolled in the elementary school on Oct. 10.

Gibson said that schools will remain open unless the number of absentees rises sharply again. He said that doctors have advised him that it would take about two weeks of isolation to stop the epidemic, and Gibson feels that only one or two days of closed schools would not help.

At the first of last week, the epidemic had hit the senior high school heaviest, with 95 absent on both Monday and Tuesday out of 316 enrolled. That figure had dropped to 47 by Tuesday of this week.

The number out of junior high school remained fairly constant. Out of the 320 enrolled, the number of absentees has fluctuated between 60 and 83. The highest figure was this Monday and the lowest last Thursday. On Tuesday of this week, 79 were absent.

game between West Texas and Hardin-Simmons at 2 p. m., club reunions, church center open houses, and other organization activities at 4:30 p. m., and the Homecoming dance from 8 p. m. until 1 a. m. in the cafeteria.

A queen to reign over Homecoming affairs will be crowned at WT's traditional Thursday assembly at 10 a. m., climaxing pep talks, a beard-growing contest, and the usual horse-tank dunking of club pledges.

The queen will be selected from six co-eds nominated by the student body and already elected. They include Kathleen Riley of Canadian, Pat Sparks of Amarillo, Rosemary McDonald of Lockney, Rue Paula Groves of Stinnett, Nelda Coffee of Canyon and John-

nie Davis of Pecos.

The Homecoming assembly will be televised by Amarillo's KGNC-TV, along with the parade and football game Saturday.

Students will hold a bonfire and pep rally north of Conner Hall at 7 p. m. Friday, and last-minute preparations of parade floats, dormitory decorations and food for the barbecue will involve hundreds of faculty members and students Friday and Saturday.

A reunion of the Class of 1932 will be observed Friday and Saturday by about 40 members of the class. An informal gathering is slated at 7:30 p. m. Friday at the home of Mrs. J. O. Parker, and the group will begin registration at Randall Hall at 8 a. m. Saturday. A program for the class is to start at 9:15 a. m.

Saturday.

Several area high school bands and riding clubs will participate in the parade Saturday morning, and Canyon's Chamber of Commerce will award prizes for best floats. Judging will be in three categories of college, school and organization, and commercial, and all floats are to follow the theme of "WT Growing With the Panhandle." First and second prizes of \$25 and \$15 will be awarded.

A trophy for the best decorated dormitory will be awarded by WT's Homecoming Steering Committee, with the award to remain in the winning dormitory for a year. A dormitory winning the prize for three years will keep the trophy. A charge of 50 cents a plate will be made for the barbecue, and tickets will be on sale at the gate

of the tennis courts, where the meal will be served.

Deadline for floats to be entered in the parade is noon Friday, according to Roland Black, chamber of commerce manager. The route of the parade will be from the college west on Fourth Avenue to 16th Street, around the south side of the square, north to Third Avenue on 15th Street, and east on Third Avenue to disbanding points. All floats must be in designated places at 10 a. m. Saturday, Black said. Floats may be registered at the chamber of commerce office, with T. L. Devin at Canyon High School, or with Dr. Jack Walker at the college office of Public Services.

Swelling the crowd of exes, vis-

Mood for West Texas State College's traditionally western-flavored Homecoming celebration will be set two days early by students and Canyon citizens as they don boots and levis for Western Week.

Homecoming Day is Saturday, but preliminary activities get underway Thursday and Friday with Canyon and campus going Western. Horse tanks of cold water will be located near the Administration Building on the campus and on the downtown square to enforce the edict of at least three items of western wear during the two days preceding Homecoming.

Calendar for Saturday, when thousands of former students are expected back on the campus, includes a parade at 10:30 a. m., barbecue at 12 noon, a football

game between West Texas and Hardin-Simmons at 2 p. m., club reunions, church center open houses, and other organization activities at 4:30 p. m., and the Homecoming dance from 8 p. m. until 1 a. m. in the cafeteria.

## All About Satellites

Some Congressmen are apparently considering investigations to discover if the Russians stole any of our secrets about rockets. Hah!

The head of the Moonwatch bunch now is pumping away to add a new Cabinet post—that of Secretary of Science. It might be a good time to look closely to see what a muddle the government already has us in without adding any more power. Maybe it would be a good idea to turn the rocket and guided missile problems to private industry and get something done?

Those of you who thought you saw the satellite last week can just forget about it. Because the Smithsonian Astrophysical Observatories didn't issue any official warning of the path of the satellite over this part of the country until Sunday morning, and, nowadays, if it ain't official, it ain't so. (Before the grumbling in the background gets too loud, may we hasten to say that we believe you did see the satellite or the rocket, and we only wish we had been looking in the right place, too.)

Couldn't the US have gained immeasurably, and stolen considerable fire from the Russian's propaganda victory, by sending a message of sincere congratulations when Russia announced the satellite? Praising your enemies is a good way to make friends with them, and anyway, congratulations would have been much better than the finger-pointing going on in Washington now.

Speaking of today's finger-pointing, those of us who have been in service have a faint recollection of a game called buck passing in which the object was to shift the blame for anything anywhere else without any of the taint staying behind. Those who were best at the game weren't exactly what you'd call successful in the service, but neither were they unsuccessful. Those who were the very best often combined the game with

another called by various names, the most printable being brown nosing. Anyway, with so many of the present-day leaders of our nation's government being military minded, it's to be expected that there must be quite a few folks in the District of Columbia who are busy playing the combined games of buck passing-brown nosing.

On the local scene, our congratulations to Jerry Harbour for taking what information he could find and ciphering around until he figured out where the satellite, or the rocket, might be at a certain time and looking there. The congratulations are offered the WT geology instructor because of the service he did us all. He offered his new-found knowledge and gave the rest of us a chance to go look at the swishing satellite ourselves. That's more than our government would do.

## Bread and Honey

Remember the song, "... the Queen was in the parlor, eating bread and honey ..."

We notice by the papers that England's Queen stopped by to see where we Americans get bread and honey, and apparently was quite amazed with supermarkets. From what we were able to read and hear, there was considerable profusion of good things to eat in the store and there were lots of people shopping.

One thing we heard about the visit stuck in our minds, and we believe we'd be amazed by that store, too. The manager told Prince Charming that the store does a daily gross business of \$100,000. Daily, mind you.

Stack that size store alongside any of the groceries here or the big ones in Amarillo, and they'd look like a jeep beside a 60-passenger, double-decker bus. No wonder the queen was impressed.

—Pay Your Poll Tax Now—

## What Our Neighbors Say ...

## Scissor Snippings

Homer Steen in the Floyd County Hesperian (Floydada): The country has a military man for president, whose training since young manhood has been in anything but the civilian point of view. The republic was founded in the era of the Man on a Horse (Napoleon) and precautions were taken that the country would not come under the domination of such a one, even a beneficent personage. The country should not have had a military man for president and will pay dearly for the great honor that has been done a great military leader. It has not worked and it won't work, as we said back in the first campaign after the Democrats had made the mistake of naming Stevenson as their nominee.

Ben Ezzell in the Canadian Record: A recent editorial in "The Prairie," the West Texas State College student newspaper on which we once labored, takes the current crop of students to task for failing

to keep the new Student Union Building in apple pie order ... and takes us back a couple of decades to what we now fondly recall as "the good old days." Times have certainly changed.

In the late lamented nineteen-thirties, West Texas had not one but two Student Union buildings ... neither of them official. One was the Buffalo Drug, presided over by a genial Scotsman named Tom Knighton; and the other was Bob's Coffee Shop, ably administered by a moon-faced Irishman named Bob Clark. Both of these characters, we believe, are still on the Canyon scene, but neither of them is in the catering business these days. It's too bad, too.

Nobody in those days ever worried about the littered condition of those premises, with the possible exception of Tom and Bob ... and littered they were, too, most of the time. There were no upholstered chairs or lounges ... the booths had hard wooden backs

and hard wooden seats. They were crowded and noisy, and the service was hectic ... but they were popular gathering places for WT students; and we doubt if any shiny new comfortably air-conditioned Student Union Building will ever equal their appeal.

George Dolan in the Fort Worth Star-Telegram: A 7-year-old boy, watching the Texas - Oklahoma game on television, was rooting hard for the Longhorns.

When the game was over, his mother remarked: "Well, Pat, your team lost, didn't it?"

"Our whole country lost," he said sadly.

Paul Crume in the Dallas Morning News: Robin Saunders, 7, overwhelmed by both Columbus Day and the Texas-Oklahoma game, found a new reason for the band's playing The Eyes of Texas. "It's the day," she said, "that Columbus discovered Texas."

I GIVE YOU  
TEXAS  
By  
BOYCE HOUSE

Some time ago, some of the highlights of the career of James McLaughlin, who retired from the oil industry after more than 50 years were related in this column. Here is more from the interview he gave some years ago:

The biggest deal Mr. Mc ever handled involved thousands of acres of leases in the Ranger area, along with a big gasser and a number of oil wells, including one which was reported as making 5,000 barrels a day. It was important to know if this report was correct so McLaughlin assigned a man who was a favorite with the head of the company to visit the well and actually see the output gauged. This man reported the well really was making 5,000 barrels and the deal was completed. Then it was found that the well was not that big. The man who made the report resigned but he seemed to be 'in the chips,' it being rumored that the brokers paid him \$50,000 to make the false report. However, the purchase proved to be a good one anyway.

Because of the speed with which things had to be done in the wild Ranger boom, a man would take help wherever he could find it—and sometimes the results were unexpected. Into McLaughlin's office came a man of distinguished bearing and immaculate dress. He had a mustache and goatee like a Kentucky "colonel." The caller said, "I've just gotten here with a bunch of teams and I'm looking for work." So the pipeline superintendent replied, "Good! Take your teams down to the station and unload a big tank and haul it to the top of that hill over yonder."

The job consumed a good deal of time and almost every day the "colonel" would come in for an advance until he had overdrawn, somewhat. Then one day a big fellow came in and inquired, "Say,

when do we get paid?" It developed that this man owned the teams and wagons and that the "colonel" was really only a hanger-on.

"Well," McLaughlin said, "I guess I'm stuck and will have to pay it twice because I paid the 'colonel'."

"Oh, no, you won't," the other exclaimed. "I'll collect from that old goat or pull every whisker out." And McLaughlin heard no more about the matter.

There are tragedies among the memories of Mr. Mc, too. One night, fire destroyed the McCleskey Hotel in Ranger. Several lives were lost and many guests were injured when they leaped from upper story windows. He remembers that the large lobby of the Gholston Hotel was transformed into an emergency hospital. Mangled forms lay around and two operations were in progress at once.

One night, he and several close friends, all oil men, sat up late,

NO. 1012  
ESTATE OF  
CLYDE W. WARWICK,  
DECEASED.

IN THE COUNTY COURT OF  
RANDALL COUNTY, TEXAS  
NOTICE TO DEBTORS  
AND CREDITORS

THE STATE OF TEXAS, COUNTY  
OF RANDALL, TO THOSE IN-  
DEBTED TO, OR HOLDING  
CLAIMS AGAINST THE ESTATE  
OF CLYDE W. WARWICK, DE-  
CEASED:

The undersigned, having been duly appointed Executrix of the Estate of Clyde W. Warwick, Deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 7th day of October, A. D. 1957, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said Estate to present them to her within the time prescribed by law at her residence, Canyon, Randall County, Texas, where she receives her mail, or at the office of The Canyon News, Canyon, Texas, this the 7th day of October, A. D. 1957.

talking. Two of them were looking forward to going fishing early next day. When McLaughlin awoke next morning, he learned that both friends had drowned when their boat overturned.

But the happier side of the ledger of life had far more entries than the tragic side, McLaughlin said.

At 67, he retired as district superintendent of the Ohio Pipe Line Company but came out of retirement to work in a shipyard during World War II.

Quite a chap!

HD Makes Plans  
For Stanley Party

The Sunnyhill Home Demonstration Club met in the home of Mrs. R. B. Gist Jr. Plans were made for a Stanley party for the club in November in the home of Mrs. T. L. Henry.

The date for the Thanksgiving dinner and all-day meeting was set for Nov. 21. Mrs. R. O. Williams is to be hostess.

Mrs. Mona Hildreth, HD agent, presented the program on home lighting.

Refreshments of apple pie, coffee and nuts were served to Mrs. O. O. Henry, Mrs. T. L. Henry, Mrs. R. O. Williams, Mrs. D. L. Allison, Mrs. E. W. Miller, Mrs. Gist, and guests, Mrs. Hildreth and Carolyn Gist.

By HUGH WILLIAMSON

Survey takers, out gathering figures on hunting and fishing, have come up with some rather amazing statistics.

For example: More people hunt and fish than take part in all spectator sports combined. And anglers and hunters outnumber golfers nine to one.

Texans spend twice as much money to hunt and fish than they do for admission to all football, baseball, and basketball games, plus all other spectator sports, plus all other movies and all other theatrical attractions combined.

The hunting and fishing bill of Texans is greater than that spent on medical care, dental work, and hospitalization insurance.

And the money spent for outdoor pursuits is rapidly increasing.

That's because the population is growing and folks nowadays have more leisure time.

These are cold facts, based on accurate, scientific surveys, conducted for the Texas Game and Fish Commission.

#### Plenty for All

Fortunately there is going to be a bountiful supply of fish and game for all these anglers and shooters. Building of many new lakes, stocking them, and good rains this year will mean many fish.

Deer and turkey, along with antelope, once faced extinction in Texas. Game management programs and favorable conditions afield have brought back the deer and the turkey populations and put them in proper balance.

Viewers of the situation are pleased. But they see a need for more and better facilities and accommodations for the hunter and the fisherman.

#### Trend in Motors

Another indication of change, is the trend toward bigger outboard motors. A decade ago most of these were five horsepower and under. But this year, a major manufacturer predicts that 48 percent of the motors will be in the 30-horsepower class or larger.

This big stuff is for the speed boat people and those who tow the water skiers. It's not so much for fishermen. A Mercury-6 is plenty of motor for me.

You can stir around and get up an argument between the speed boat boys and the fishermen. But I don't think it's necessary. There's plenty of water for all.

Mostly the conflict comes about when the lakes are crowded on weekends and holidays. At those times I fish where the big boat boys don't go. Below a certain dam, for instance, it's too shallow for the heavier craft. I chug along up there, dodging rocks and stumps as I go, anchor just below the dam, and catch fish.

#### Belligerent Blacks

The best black bass fishing I know is in one or two South Texas lakes. I was down there the other day when the blacks were hitting surface lures like mad.

In this particular lake there's a wooded area, with plenty of weeds

and brush. The bass abound there. They are infuriated by the noise of a topwater lure.

I had spectacular success with one lure that had a spinner aft. The sound it made was like a school of minnows in flight.

One thing we noticed was that a hooked fish was nearly always followed to the boat by one or two of his fellows. When I hooked one, my partner cast to the same spot to try for the other fish. I did the same when he had a fish on. Sometimes this strategy paid off.

It was a great day and a great place for bass fishing. The weather was cool enough, except just in the middle of the day. We drifted around, among the old mossy trees, casting into the shade where bass were hiding. Very often, after a twitch of the lure, a bass hit. Before the end of the day, we had our limit of blacks.

That kind of fishing is rare, but there will be more of it during the coming months, as this year's fine crop of young bass reaches maturity.

If you hanker for bass, plan to be in your best fishing spot during February and March.

#### Whoopers Moving

The big whooping cranes are in process of moving from their breeding grounds in Canada to their winter home. Eight adult and two young birds have been sighted on the wing.

Whoopers move along by easy stages. Usually they begin arriving at their Texas refuge about the middle of October or later. Laggards will travel along at intervals.

There are only about 30 whooping cranes alive now. In flight, they appear as huge, white birds, with jet-black wing tips, red-crowned heads and long legs trailing. Please don't shoot them!

#### Kellers Surprised on 25th Anniversary

Mr. and Mrs. M. A. Keller were given a surprise party on their 25th wedding anniversary Tuesday night in the home of their daughter, Mrs. Lynn Blewett.

A three-tiered wedding cake, baked by Mrs. Carl Abbott, and coffee were served to Mr. and Mrs. G. M. Abbott, parents of Mrs. Keller, Mr. and Mrs. Carl Abbott, Mr. and Mrs. Gale Augleger of Amarillo, Mr. and Mrs. Joe Abbott, D. A. Prichard and the Blewetts.

Mr. and Mrs. Glenn Sparkman attended the Southwest Section Water Convention in Oklahoma City last week.

Mr. and Mrs. Kenneth Barry and son of Amarillo spent Sunday with his parents, Mr. and Mrs. A. B. Berry.

Judge and Mrs. Clarence Morris and daughters of Shamrock spent the weekend in the L. E. Gum home. All attended a family reunion in Amarillo Sunday.

Mrs. Harold D. Jones is working at the Pioneer Natural Gas office.

#### LIFETIME SAVINGS

Jackson — "Did you hear the one about the traveling salesman's estate?"

Jimson — "Spring it." Jackson — "He left 500 towels, 200 cakes of soap, three dozen plated spoons and 11 pounds of hotel door keys."

#### VELVET PAW

Pearl — "You really ought to come to Shrimpton with me this summer. I had a wonderful time there this year. I won a beauty competition."

Ruby — "No. I think I'd rather go to a more crowded place."

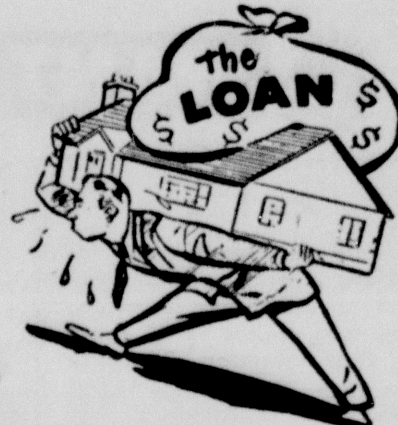

Twice recently some progressive neighbor has meddled with the untidy grace of our backyard living.

A season or two ago, the folks next door uprooted a privet hedge, and planted roses. With our premises thus exposed to view, we had to move the woodpile, take out a one-sided peach tree and tidy up the backdoor flowerbed. The covered-up feeling we had grown to love left with the bushes, and ever since we've unloaded groceries and laundry in plain sight of the front street traffic.

For 15 years now, a row of Lombardy poplars has protected us from west wind, the afternoon sun — and any hope of a decent lawn. The inter-lacing roots of twenty-odd trees made an underground net work of our backyard. But because we're peaceable people, we adjusted to this menace, taking the good along with the evil and sunning happily in our grove-like garden.

Not long ago, however, the poplars acquired new owners, who promptly began cutting them out. Now our yard is about as private as the courthouse square.

A crabapple tree that grows at the garage door has spent 15 years leaning eastward, away from its overpowering companions, to get a daily drink of sunshine. Now that the giants who shaped it are gone, it seems like a timid hunchback suddenly thrust into fame. The wild luxuriance of our trees and shrubs elbowing each other

#### STRONG SHOULDERS

That's what it takes to raise a family and pay off a mortgage these days . . . a job best fitted for a man.

But just in case, Dad, you're not around to keep up the payments, some life insurance will keep your home . . . and family . . . intact. See us!

#### HOSEA FOSTER

for growing room was appealing when concealed from public view. When seen from the street as we enter our drive, it seems messy and ill-planned.

Progress, though nice, undoubtedly takes its toll from carefree living. Come spring, we'll be girding up our own shrubbery, to hold our own in so proud a block!

## Ticket Sales Begin for Show

Proceeds from the Jaycee-sponsored appearance of Professor Russell Barron, star of the stage show Hypnotic Marvels, will be donated to the community center project, it was announced Tuesday night by Michael Morris, Jaycee representative to the community center board.

Tickets for the show, scheduled Nov. 5, will be on sale beginning today, with prices set at 90 cents for adults and 35 cents for children 12 and under. The tickets are on sale at the Canyon Drug, Johnnie's Humble Service, Canyon News, J. J. Walker Prescription Laboratory, Wayne Wirt Electric, Dans Store and by members of the Jaycees.

Prof. Barron, who has appeared on the Art Linkletter, Gary Moore and Ed Sullivan TV shows, will give a free demonstration of hypnotism on the courthouse square on the day of the show. In the program at night he will demonstrate pain control, post-hypnotic suggestion, self-hypnotic pain control and will also show the humorous things connected with hypnotism.

## Variety Ring Meets With Mrs. Rice

"What I fix for trick or treaters" answered roll call at the Variety Ring meeting last week in the home of Mrs. Estell Rice.

Before the women began their sewing for the evening, Mrs. Fred Marshall and Mrs. K. E. Hines displayed fall centerpieces which they had made. Also, a jar of corn was passed and each member had one guess on the number of grains it contained. Mrs. P. L. Pitt received the prize for the most accurate guess.

The guessing box was also passed, but no one guessed the contents.

Refreshments were served to Mrs. Fred Marshall, Mrs. Levi Cole, Mrs. Rae Walters, Mrs. P. L. Pitt, Mrs. George Barker, Mrs. K. E. Hines, Mrs. Estell Rice, Mrs. Lang Hunter and Jeannette Robbins, who became a member of the club.

Mr. and Mrs. Harold Heizer and children have returned home to Canoga Park, Calif., after visiting their parents, Mr. and Mrs. Jack Seay and Mrs. Carl Heizer.

BOB WEAR

☆☆☆

## School Librarians Meet in Hereford

"Let's Explore With Books" will be the theme of the annual meeting of the Teen-Agers Library Association in Hereford Saturday. Adult sponsors and library club members from 44 counties of West Texas, comprising District One of the association, are expected.

Luncheon speaker for the meeting will be Bob Wear, minister of the Central Church of Christ. The meeting will begin with registration at 9 a. m. in Hereford High School, and continues with a business session. The program will begin at 11 a. m.

The afternoon session begins at 2:15 p. m. with the election of officers being the principal item of business.

Mary Pat Haley of Canyon is district secretary. Other district officers are Lana Kay Smallin, Lubbock, president; Tommy Moore, Borger, vice president; Betty Harman, Tulia, treasurer; Lorene Grantham, Plainview, historian; and Galvin Boyles, Lubbock, parliamentarian.

## THE RIGHT DOCTOR

He was dug out of the wreck of his automobile and carried to the nearest doctor's office.

"I can't do anything for this man," said the doctor. "I'm a veterinary surgeon."

"You're the right man, doc," said the amateur motorist. "I was a jackass to think I could run that machine."

**OH, JOHNNY, OH!**

Johnny stumbled along the street crying bitterly.

"What ails you, young fellow?" a kindly old gentleman inquired.

"I've lost the d-dime the teacher gave me for b-being the best boy in class," Johnny sobbed.

"Oh, well, don't cry," counseled the kindly gentleman; "here is another that will take its place. But tell me how you lost it?"

"Cause," replied Johnny, "I wasn't the best boy in the class."

## Services Read for Mrs. Minnie Carter

Mrs. Minnie Carter, 70, of Cactus, mother of Jim Carter, died Saturday of injuries received in a one car accident Sept. 27 north of Dumas. She has been in the Dumas Memorial Hospital since the accident.

Last rites were read Monday at 10 a. m. in the First Baptist Church in Etter with the Rev. Don Anderson, pastor, officiating. Burial was at 3 p. m. Monday in the Silverton Cemetery under the direction of Boxwell Brothers Funeral Home.

Survivors other than her one son, Jim, are two daughters, Mrs. Earl Holden and Mrs. Lee Head, both of Cactus, and a sister, Mrs. Meda Johnson of San Diego.

## HOW TO VOTE

Mrs. Wigglesworth — "Have you decided how you are going to vote?"

Mrs. Guppy — "I think I'll wear my new three-piece sheer beige rayon with jacket, over a pink shadow-proof panel slip, with those new black net stockings and that close-fitting little hat you saw me wear Sunday."

## PRECAUTIONARY MEASURES

Mrs. Towns — I see you've built two servants' wings on your house.

## WAC Officer Here For Interviews

A WAC officer procurement officer from Fort Sam Houston will be in Canyon at West Texas State tomorrow from 9 a. m. to 1 p. m. First Lt. Mary F. Clement will discuss opportunities for WAC officers with college women.

To qualify, applicants must be between 20 and 32, be in good physical condition, have a high

moral character, have a college education, leadership potential, aptitude for military service and the ability to work with groups. Exceptions may be made for those women who have completed at least two years toward a baccalaureate degree and who have been outstanding in career fields requiring leadership ability or supervision of personnel.

Further information and appointments for interviews may be obtained at the office of the Dean of Women at the college.

# Eagles Dumped in District Game

Tulia's Hornets buzzed around the Canyon Eagles Friday night in Tulia and won the district opener for the two teams by a score of 13-6.

Scoring during the first four minutes of the game, the Eagles were unable to cross the goal line again despite assaults from the seven-yard line, the 10-yard line and the 14-yard line.

The lone Eagle score came on a 31-yard run by Eddie Boydston, while the Hornet scores came on a one-yard run by Chris Ward and a 93-yard race by Buzzy Poage. Both Tulia touchdowns came in the fourth quarter.

The Canyon score in the first quarter came at the end of a 62-yard march that began after Tulia had kept the ball after the kickoff for three plays and a kick. The punt rolled dead on the Canyon 38 and the Eagles were off.

Leonard Miller made 12 of the yards on two plays, A. L. Pruett picked up 11 in one play and Boydston made the rest on runs of five, three and 31 yards. When Boydston finished picking his way through the Tulia tacklers and crossed the goal, the clock showed only 3:10 gone in the game.

Tackle Dory Funk kicked the extra point, but it was recalled for a backfield in motion penalty against Canyon. His second try was unsuccessful.

The teams battled back and forth in their own ends of the field, kicking at the ends of series of downs, through the remainder of the first quarter and into the last part of the second quarter. The defensive series stopped when Byron Lewis attempted a punt that went from the Tulia 33 to the Tulia 40, and out of bounds.

Taking off again, the Eagles flew goalward. In seven plays, they landed on the Tulia seven with a first-and-goal. Miller carried for four yards to the three, then for one to the two. Pruett picked up another to the one, and Miller was stopped on the line of scrimmage on fourth down and the ball went over to Tulia with only eight seconds remaining in the half.

Taking the second-half kickoff, the Eagles moved again to the goal from their own 33, this time. In 10 plays, including a Pruett to Dwayne Ledbetter pass for 13 yards and a Pruett to Miller pass for 11 yards, the Eagles moved the ball to the Tulia 10 with a first down.

Tommy Henderson carried four yards to the six, Miller went three to the three and Pruett was stopped on the line of scrimmage. On fourth down, Pruett was thrown for a seven-yard loss to the 10 and the ball was lost both on a fumble and on downs. Canyon held the Hornets deep in their own territory until Lewis

quick-kicked on third down from the Tulia 24. The ball rolled to the Canyon 18 for 54 yards before it went dead.

The Eagles began moving again with Henderson picking up five and Pruett 14 for a first down. Miller made seven to the 44, then Ronnie Huyck was stopped on the 43 and lost the ball on a fumble.

From the Canyon 43, Tulia began a determined march. An offside penalty against Canyon made the first five yards and two short carries made a first down. Another carry put the ball on the 28, but Tulia was penalized for holding on the next play to the 43. Then Canyon was penalized to the 30 for tackling by using the face mask. D. Jennings threw an eight-yard pass to R. Caraway for a first down on the 22. Then Lewis carried 17 yards to the five.

On the next play, Canyon was offside and the ball was placed on the one. Ward was stopped on the two, but an offside penalty on Canyon put the ball on the one again. Then Ward plunged across for the score with only 20 seconds gone in the fourth quarter. Lewis passed to J. McClendon in the end zone for the extra point to give Tulia a 7-6 lead.

Taking the kickoff, Canyon started another scoring drive. The Eagles moved from their own 40 to the Tulia 14 in 10 plays. Boydston made five to the nine-yard line, Pruett picked up one, Boydston another yard and Miller was stopped on the line of scrimmage to give Tulia the ball on their own seven.

Then Poage swept around his own right end behind a wall of blockers and raced 93 yards for the second score of the game. The clock showed 5:25 left. Ward's extra point kick was no good.

On the first play after the next kickoff, a pass from Boydston was intercepted by Ward on the Tulia 38 and he returned across the 50, but Tulia was penalized back to their own 38 for clipping. On the next play, Tulia was penalized another 15 yards for holding. At

the end of the series, Lewis kicked from his 30 to the Canyon 36, and there was 2:30 left in the game.

Pruett picked up 15 yards to the Tulia 49 for a first down, then Miller hit Larry Brotherton for a 14-yard gain on a pass for another first down with 1:15 left. Pruett tried four passes, but all were incomplete and Tulia got the rest of the time on the clock.

Statistics of the game were:

	C	T
First Downs	16	10
Yards Rushing	258	182
Yards Passing	38	8
Passes Tried	10	6
Passes Completed	3	1
Passes Intercepted by	0	1
Fumbles Lost	2	0
Punts	3	6
Punt Yardage	109	205
Penalties	8/69	8/80

## New Scout Troop Organized Here

The organization of a new Boy Scout troop in Canyon was reported to the regular meeting of the Randall District Committee of the Boy Scouts of America Monday noon.

The troop, No. 31, was organized Oct. 7 in the First Presbyterian Church.

Membership in scouting in the district on Sept. 30 included 105 Cubs, 86 Scouts and 16 Explorers.

It was also announced that Troop 66 will participate in the Amarillo District camporee Oct. 19.

Texas Press Association

Gov. Price Daniel apparently is going all out to get the balance of his 1957-58 program adopted into law.

In recent speeches over the state Daniel has plugged for lobby control and a crime commission. More talks were scheduled — one on water conservation in San Antonio and another in Liberty.

In addition, the governor has made some outspoken statements on federal-state relationships. Excerpts from his busy round:

**Crime**  
Present criminal code, says the governor, "is so antiquated that it protects the convicted criminal more than it protects the public."

He asked for a state law enforcement study commission that would make recommendations to the next regular Legislature on how crime and highway accidents can be reduced.

Texas crime rate is rising faster than its population, 46 per cent of it by juveniles, said Daniel. (A recent FBI survey showed that during the first half of 1957 Texas had an increase, up to nearly 10 per cent over 1956, in every type of major crime.)

#### Lobby Control

Opponents of this bill are trying "to picture it as a struggle between business and labor," said the governor.

"This is ridiculous... the bill would require registration of those employed by both labor and industry to influence legislation."

"Vast majority of Austin lobbyists are legitimate operators who identify themselves and honestly perform their work. They have nothing to fear from this bill."

Opponents of the bill, said Daniel, are "modern-day carpetbaggers who hide their identity and improper expenditures."

#### Federal School Aid

"Full responsibility for the operation and financing of public schools should be exercised by the states and their political subdivisions."

Governor Daniel sent a resolution to this effect to the Federal State Action Committee meeting in Chicago.

"With federal dollars comes federal controls," commented Daniel. As a single exception, Daniel favored federal aid for schools with a heavy enrollment from U. S. military installations.

**Little Rock Controversy**  
Governor Daniel suggested that both President Eisenhower and Arkansas Gov. Orval Faubus had fumbled in handling the school integration problems there. Neither, he said, had "exhausted every means at their command" to avoid a violent showdown.

"Of course, here in Texas," said the governor, "we would have sent a couple of Texas Rangers to handle the situation."

#### Bright Future

Texans can look forward to more money, but a little less elbow room in the next few years.

So says U. S. Sen. Lyndon Johnson in predicting a population of

12 million for the state by 1975 with a total personal income of \$24,000,000,000. This compares with a \$9,000,000,000 income for some 9,500,000 people in the past few years.

Senator Johnson forecast a 1975 farm output of \$2,900,000,000, up a billion from now, and factory production worth \$8,600,000,000, nearly three times present production.

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rosy prospects for the future will quickly banish unless we act to control our water resources.

"Texas," he said, "is a growing giant wearing last year's shirt. It's going to strangle, he said, unless there is quick action."

#### Weather Toll

Cost of Texas' natural disasters in 1957 would be \$12 for every man, woman and child in the state.

Latest Civil Defense Department reports put the year's toll from blizzards, floods, tornados and Hurricane Audrey at 61 dead, 638 injured and \$100,000,000 in property damage.

Once again, said Department Director William L. McGill, Texas holds the "dubious distinction of being first in the nation in major disasters."

#### TB in Texas

Startling facts revealed about tuberculosis in Texas came from Dr. Patrick McShane, head of the state's TB hospitals.

In a twin-panel session composed of newsmen and doctors, Dr. McShane reported that 22,000 Texans have active tuberculosis. One out of three persons has TB germs in his body.

"Texas spends \$6 per patient per day on its TB hospitals," Dr. McShane advised. "And we rank in the bottom fourth on what is spent in trying to get them well."

#### School Panel Named

Way is clear for a new study into needs of the public school system. Six appointments by Gov. Price Daniel completed membership of a new commission created by the last legislature to do the job.

Daniel's appointees: Dr. J. W. Edgar, commissioner of education; Dana Williams, Gladewater superintendent and president of the Texas State Teachers Association; Ed Ray, executive editor of the San Antonio Express and Evening News; Mrs. L. E. Dudley, Abilene; H. K. Jackson, Gatesville; Felix Tijerina, Houston.

Six appointments each were made earlier by the Speaker of the House, the Lieutenant Governor and the department of education.

Business Year Uncertain

Despite its present high level, Texas business faces uncertainties in ending the year.

There is little evidence pointing to any substantial rise, observes Dr. John R. Stockton, director of the University of Texas Bureau of Business Research.

Causes for concern: softening of expenditures by the federal government building outlook, slackened expenditures by the federal government and business concerns. Bright hopes: expanding expenditures by state and local governments, high level consumer spending, continuing population increase.

#### Short Shorts

House Speaker Waggoner Carr is entitled to use capitol quarters for office space, Atty. Gen. Will Wilson has held in an opinion requested by the State Comptroller. Salary for a secretary and expenses for stationery, supplies, telephone and telegraph also were approved.

John H. Hargrove has been appointed chief of the staff services division of the State Insurance Department by Commissioner William A. Harrison. Hargrove was formerly with the Texas Research League.

#### -And Some Guests Wore No Shoes

Everything from gowns to dusters, slacks, jeans and street clothes with and without shoes were worn by 19 members of the Canyon Home Demonstration Club and four guests who attended recently a "come-as-you-are-breakfast" given in the home of Mrs. Harold Woolsey.

A total of \$32.77 was raised for the club Thanksgiving dinner.

Breakfast was served to Mrs. Marion Higdon, Mrs. D. R. Weaver, Mrs. Dian Cook, Mrs. Durwood Brown, Mrs. Crawford Ruthart, Mrs. E. L. Hardaway, Mrs. Luke Miller, Mrs. Glenn Haynes, Mrs. Bill Wilson.

Mrs. Marion Williams, Mrs. J. O. Edwards, Mrs. Lawrence Hunnicutt, Mrs. Bill Money, Mrs. Doug Louder, Mrs. Clyde Thomas and Mrs. D. S. Owens, members. Guests were Mrs. Olga Seals, Osee Parsons, Mrs. Karl Williams and Mrs. Jack S. Cross.

#### Brownies Meet At Scout House

The Brownie Scout Troop 6 met at the Scout House Oct. 8 at 3:30 p. m. Dues were paid, and activities for the day included spraying dishes. Refreshments were served by Susan Brantley.

#### RIVAL STUDIES

"I hear you've been studying for months how to increase your salary. How did it turn out?"

"Poorly. The boss was studying at the same time how to cut down expenses."

#### Woman's Book Club Tours Carribean

A Carribean cruise and a tour through the West Indies was taken Oct. 9 by the Woman's Book Club via the showing of picture slides and relating of personal experiences by Edna Graham, who toured several years ago the Carribean and West Indies. The meeting was held in the film room of the college library.

Miss Graham set the mood of the program entitled, "Romantic Carribean," with a background of calypso music played before and during her discussion of the Carribean.

The club constitution was read

by Mrs. Charles Harter, and Mrs. Nancy McCaslin.

T. V. Reeves reported on the community center and the Christmas card project.

A visitor at the meeting was

## International Affairs To Be Discussed At Program Sponsored by Canyon Clubs

How do you measure up on information and interest on current international affairs? Perhaps questions like the following have been bothering you:

Does Russia's success in launching an earth satellite reflect that the United States is dangerously behind Russia in not only the earth satellite and missile program but in general scientific progress? Earlier this month, Sen. Clinton Anderson (D-NM) charged that Eisenhower was told more than two years ago that the Russians led in the missile race. If so, where does the fault lie?

Are we in America too complacent about Sputnik, as has been declared since the announcement of the satellite's launching? And what about the Middle East situa-

tion and the mutual defense pact which the U. S. has with Turkey? Is another Korean War in the making?

If a disarmament agreement among the major nations is made, can we be sure that Russia will be true to her words?

If you would like to hear a discussion of questions such as those above, then you will have an opportunity to do so Nov. 4 when various clubs in Canyon co-sponsor an international relations program.

The program is to begin at 7:30 p. m. in the Branding Iron Theatre and will be free of charge. A panel of three persons headed by a moderator is to discuss current international problems, specifically questions of disarmament.

The panel, to be composed of two Canyon residents and one out-of-town panelist, is to discuss disarmament from domestic, international and military points of view.

At present, the Lions, Rotary, Jaycees, Woman's Book Club, the AAUW and Junior Woman's Book Club have said that they would sponsor the program. There is to be a coffee break during the program, and coffee is to be served by the AAUW.

## Club Announces Theme Contest

Junior high school and high school students who have opinions on whether hot-rod clubs make better drivers will have an opportunity between now and Nov. 4 to express themselves on the subject and perhaps win \$5.

"Do Hot-Rod Clubs Make Better Drivers" is the subject the Junior Woman's Book Club has chosen for a theme-writing contest which they are sponsoring. Any junior high school and high school student may enter. The deadline for entries is noon Nov. 4.

The themes, which are to be between 200 and 300 words, are to be judged on neatness, cleanliness, spelling and content. Papers are to be turned over to English teachers by the specified deadline, but the teachers will not judge the papers.

Two \$5 prizes will be awarded—one to a junior high student and one to a high school student. Awards are to be made Nov. 8 at a meeting of Junior Woman's Book Club in the museum.

## Stork Specials

Mr. and Mrs. Johnny George of Stratford are the parents of a son named Scott Edwin, born on Oct. 8 in Northwest Texas Hospital in Amarillo. He weighed 7 lbs and 9 ozs. Mrs. George is the former Janelda Cunningham.

## Parks Board - - -

Continued from Page 1

the park stays up.

In a discussion of how to gain more money for the park, these suggestions were offered to pay off the bonds:

1) A direct appropriation from the legislature.

2) Raising the money through an area bond issue.

3) Adding additional bonds to the present ones at a higher rate of interest, giving money to pay off the present issue and leaving more for development of the additional features in the park.

"There is one glimmer of hope," said Quinn. "We have authorization for \$25 million worth of bonds that have not been sold, but we might be able to sell them at a later date. I know that Palo Duro is fourth on the list for development if we get the money."

Asked if the Parks Board would like the Amarillo chamber to prepare a step-by-step plan for developing the park, Turner said that he thinks the next step for the Parks Board is to study the entire program with the aid of the National Park Service, the highway department, and members of the Parks Board staff.

Turner said that the board was impressed with their tour of the park even though the weather was bad and the touring bus could not get off the paved roads. "We appreciated what has been done with what little money was available," he said.

He said the Palo Duro is the "best park in Texas, and that includes the Big Bend and all."

The Parks Board arrived in Canyon Sunday and had lunch at the American Legion Hall with members of the Amarillo and Canyon Chambers of Commerce. Following the luncheon, the board visited the Panhandle-Plains Historical museum while waiting for the arrival of a plane bringing Quinn to the meeting.

After Quinn's arrival, the board went to Palo Duro and inspected the park. They stopped at the gatehouse and visited the quarters of the gatekeeper, looked at the cabins on the rim of the Canyon near Coronado Lodge, then walked down the stone steps to the lodge.

From there, the members looked through the rain-streaked windows at the canyon. The members boarded a bus and went to the floor of the Canyon, stopping at the depot of the Palo Duro, Burlington and Sad Monkey railroad for a visit with Mr. and Mrs. John Buchanan and Bill, the pet deer which stays around the depot.

The bus tour went to the end of the paved road in the canyon and returned to the top for coffee and cake in the home of Mr. and Mrs. Pete Cowart.

Sunday night they were the guests of the Amarillo chamber at a dinner in the Herring. The two-day meeting was ended with a luncheon in the Herring on Monday.

The board also received a delegation from Canadian for a progress report on the acquisition of Lake Marvin as a state park. The lake has been designated a state park, but title has not been turned over from the federal government.

The Canadian delegation, composed of Malouf Abraham, president of the Board of Development, Ben Ezzell, editor of the Canadian Record, Ivan Conklin, president of the chamber of commerce, and Warren Harrington, vice president of the chamber, showed the board a series of color slides taken in the Lake Marvin area.

Following the two delegations, the Parks Board conducted its regular meeting.

## Movie Will Show Modern Methods Of Feeding Cattle Thursday Night

New methods of feeding Aureomycin will be depicted in a movie for ranchers and livestock men to be shown at 7:30 p. m. Thursday in the American Legion Hall.

A representative of American Cyanamid Company will be at the meeting to answer questions and to explain the methods. The program is sponsored by Taylor-Evans Farm Store.

Named "Design for Better Beef,"

## Smorgasbord Set For BSU Exes

A smorgasbord supper will be served by the Baptist Student Union Saturday from 4:30 to 6:30 p. m. at the First Baptist Church. All W. T. Baptist alumni and Hardin-Simmons supporters are invited to attend. Cost is 50 cents per person.

Following the supper, a business meeting will be held for all W. T. Baptist exes for the purpose of organizing an alumni chapter of Baptist students.

## Jordanian Student Speaks at Rotary

Eid Sweis, junior West Texas State College student from Amman, Jordan, was speaker for the Canyon Rotary Club Tuesday as the group observed World Fellowship Week.

Sweis pled for "mutual understanding among nations which have problems," referring to the recent alignment of his country with Syria and Russia in the Middle East.

"Money and money alone cannot solve Jordan's problem," he said. "Many times, though, disagreements arise from misunderstanding of a total situation."

Guests of Rotarians included Dr. Joseph N. Ray, Amarillo College president, guest of James P. Cornette; Raymond Hales, guest of Bob Wear; and Gillette Griswold, Robert Goombi, J. A. Marler, and

Jim and Bill Goombi, guests of Boone McClure.

Visiting Rotarians included J. Fred Phillips of Dumas, and Arthur Blum, Thurman Whittis, J. H. Harris, Tris Coffin, I. H. Davies, G. C. Matthews, and Bill Griggs, all of Amarillo.

## Livesay Children Rejoin Parents

Mr. and Mrs. H. M. Stokes recently took their grandchildren, Greg and Ellen Livesay, to Liberal, Kans., to be with their father and mother, Mr. and Mrs. Jack Livesay.

Mr. and Mrs. Livesay, who were injured in a two-car accident on the family's way to Greenwood, Mo., where they are now living, received checkups at a hospital in Kansas before going to Greenwood. Mrs. Stokes accompanied them to Greenwood.

## To The Busy Housewife . . .

## YOUR HOMETOWN NEWSPAPER IS A REAL CONVENIENCE!

A wonderful way for a busy young mother to save countless hours is by shopping the ads in her hometown newspaper. By knowing, before she goes to town, which products she wants and where to buy them, she can do an efficient job of marketing. While the housewife spends her time becoming an expert nurse, laundress, cook, playmate, and bookkeeper, the local newspaper is bringing her the shopping news. It tells her about the latest products and services that will help her accomplish her work most efficiently. It tells her where to find the best prices offered on items she needs. It saves her many long hours of "shopping around".

SHOP THE ADS IN YOUR  
HOMETOWN NEWSPAPER!

## Greg Livesay Has Birthday Party

Greg Livesay, son of Mr. and Mrs. Jack Livesay, celebrated recently his third birthday. To help him celebrate his grandmother, Mrs. H. M. Stokes, and Mrs. Jimmy Borgan gave a birthday party for him and his friends.

Refreshments were served to James Wiley, Katie Lee Kincaid, Jan SoRelle, Rena Gayle Hillier, Raylene Hillier and Joan Standley.

# Buff's Grab Border Victory

The West Texas Herd thundered through New Mexico Aggie's home place Saturday night, spoiling homecoming for 5,000 fans by a score of 35-7.

It seemed to make little difference which squad played against the Aggies, with the lone A&M score coming against WT's third string. West Texas now has four wins and two losses for the season, and their Border Conference record is one-one, with a loss to Texas Western.

## Powers Director Speaks to FHA

Personal development was the theme of the monthly meeting of the Future Homemakers of America of Canyon High School who heard speak at the October meeting Mrs. Mickey McDonald, John Robert Powers school director.

Mrs. McDonald spoke to the FHA girls and their mothers on the importance of personal development, and a question and answer period followed.

Classes on personal development are being conducted on Monday and Tuesday afternoons in the high school homemaking department by Mrs. McDonald, Mrs. Clara Long and Mrs. Suzanne Tatman, FHA advisors, and junior high school and high school girls are attending the sessions.

In addition to Mrs. McDonald's talk, a highlight of the October FHA meeting was the election of posture queen and charm queen. Judges, Florence Clements, Marcus Robinson, Virginia Leake and Mrs. McDonald, named as posture queen Sally White, and as charm queen Ann Jarrett.

Nominated for the honor of posture queen were six girls from the freshman homemaking classes and for the honor of charm queen, six girls from senior homemaking classes.

The program for November is civil defense. Speaker for the evening will be Harold Johnson, Civil Defense co-ordinator of Potter and Randall Counties. Freshman members of the chapter will be initiated.

The Herd scored four of the six times it had the ball during the first half, and the second and third strings played most of the second half. In the middle of the fourth period, the Aggies were threatening the Buffalo goal for a second time, so the WT first string went in, stopped the drive and added nine points to the Buffalo score.

Ronnie Mills scored twice for WT, once on a 25-yard run and once on a pass from Lindley Davis. Fred Dawson, Bob Whelchel and Don Beck made one touchdown each, while Archie Souter made two extra points and Tommy Coffey made one. The Buffs picked up a safety when ends Jimmy Jones and Glyn Gregg tackled the A&M quarterback in the end zone.

In the first quarter, the Buffs were stalled the first time with the ball, but Charlie Sanders greased the wheels by recovering an Aggie fumble on the A&M 26. Sanders went on to move the ball to the three. In two plays, Whelchel bulled over from the one for the first score. Coffey converted.

Mills returned a punt to the Aggie 36 and the Herd headed for another score. At the end of the drive, Dawson plunged from the end and Souter converted.

In the second quarter, the third WT touchdown came at the end of a 69-yard drive with Mills racing 25 yards to cap the march. Coffey's kick was not good.

The next chance the Buffs got, the next time they got the ball, they moved 47 yards for their

fourth score. The drive was ended with a 29-yard run by Beck. Souter converted to make the half-time score 27-0.

Against WT's reserves, the Aggies showed more life in the third quarter. Once they got to the Buff nine and later on they scored—moving from the WT 37 in eight plays. The score came from a five-yard pass from Wally Ferguson to Mickey Folz. Folz converted.

In the fourth quarter, A&M drove to the Buff two, but the drive was saved by Sanders who recovered a fumble.

The last bit of scoring for WT came when Lindley Davis booted 50 yards to put the Aggies on their own seven. In a couple of plays, Ricky Alba faded back for a pass, and Jones and Gregg dumped him in the end zone for a 13-yard and two-point loss.

On the kickoff following the safety, WT took over on the A&M 30 and scored in two plays, both passes. Lindley Davis hit Bob Ratliff for 23 yards and Mills for seven and the TD. Souter's kick was not good.

	A&M	WT

## Allen, Modisette Give HD Program

A demonstration on decorative waste baskets and a discussion of mental health were the program last Thursday for the Wayside Home Demonstration Club which met at the Wayside Church.

The demonstration was given by Mrs. Bill Allen and Mrs. Willie Modisette discussed mental health. Hostess for the meeting was Mrs. Willie Modisette.

Refreshments were served to Mrs. Rogers, Mrs. Melton McGehee, Mrs. Floyd Adams, Mrs. H. T. Hamblen, Mrs. E. J. Mahler, Mrs. Paul Wetzel, Mrs. A. J. Newsom, Mrs. Allen, Mrs. D. T. McGehee, Mrs. W. A. Doan Jr., Mrs. Modisette, Mrs. Wiatt Heisler and several small children.

## Wayside News

The Rev. Merle Weathers filled his regular appointments Sunday.

Wayside community received word Friday night of the death of the Rev. G. M. Stuart of Lorenzo. He was a former pastor of the Wayside Baptist Church. The Rev. Stuart had been in bad health for several years. Mrs. W. C. McGehee, Mrs. Guy Watson and Mrs. H. T. Hamblen went to visit the Stuart family Saturday.

Mr. and Mrs. Charles Kennedy, Robert, Richard and Mrs. R. C. Petty were Tulsa callers Wednesday evening.

Mr. and Mrs. W. R. Franklin were Amarillo shoppers Thursday.

Mr. and Mrs. Jimmie Bean and Jimmie's cousin, Eddie Lee Bean, of Cortez, Colo., spent last weekend with relatives in Quitaque.

Mrs. Sammie Maize and children and Mrs. Donnie Martin and Darral were Happy callers Wednesday.

Mr. and Mrs. Willie Modisette were Happy business callers Saturday.

The A. L. Clayton Sr. family of Happy has moved to the R. L. Grigsby farm where they have employment.

## E. C. Penicks Are Wed 56 Years

The daughters of Mr. and Mrs. E. C. Penick surprised their parents Friday with a dinner celebrating the couple's 56th wedding anniversary.

Mrs. T. B. Stone arranged to take her mother on a shopping trip, and when they returned the other daughters had decorated the Penick home and guests were waiting to greet them. Dinner was served at the dining room table, which was centered with a cake decorated with nasturtiums and the gold figures, 56.

After the dinner, guests presented gifts to the honorees, and Art Roberts, the Penick's son-in-law, showed colored movies of the couple's golden wedding anniversary celebration. Elizabeth Cox also showed pictures of the Woman's Wesley Bible Class.

Present were the Rev. and Mrs. H. Doyle Ragle, Mrs. J. H. McMurray, M. Moss Richardson, Mrs. Blanche Haines, Mrs. J. L. Moore, Mrs. J. A. Wiseman, Mrs. Leland Graves, Mrs. I. C. Jenkins, Mrs. Harry Hungate.

Mrs. Hattie Brasuel, Mrs. Rosie Hungate, Mrs. M. C. DeGraffenreid, Mrs. R. M. Barton, Mrs. W. J. Stewart, Miss Cox, Mr. and Mrs. Art Roberts, Mr. and Mrs. Chester Ford and Chestene of Amarillo.

## Nancy Tomlinson Pledges Sorority

According to a news release from Texas Tech, Nancy Kay Tomlinson, sophomore from Canyon, was one of six pledges initiated into membership of Texas Tech's chapter of Delta Gamma, national social sorority.

Mr. and Mrs. Harley Burrus visited last week their son and family, Lt. and Mrs. Ray Burrus and son, Rennie, in Colorado Springs, Colo.

Mrs. Charles Giesler and children, Amy and Johnnie, of Fredericksburg, are visiting her parents, Mr. and Mrs. Frank Phillips.

## SOIL CONSERVATION DISTRICT NEWS

The Soil Conservation Service technicians, assisting the Randall-Potter Soil Conservation District, have approved and checked for completion the following underground concrete irrigation pipeline.

Dona L. Stone farm, operated by Buford Sparks, 2720 feet of 15 inch pipeline.

Dennis L. Allison installed 3758 feet of 15 inch pipeline.

Elmer W. Miller installed 2308 feet of 15 inch and 38 feet of 12 inch pipeline.

Leonard H. Batenhorst installed 1535 feet of 12 inch pipeline.

John G. Batenhorst installed 300 feet of 12 inch pipeline.

W. J. Wooten Jr. farm, operated by Donald M. Olson, installed 3333 feet of 12 inch pipeline.

Donald M. Olson installed 1672 feet of 12 inch pipeline.

These underground irrigation pipelines conserve water and prevent erosion. They also make it easier to handle the water and get better water distribution.

The SCS technicians also assisted the Randall-Potter Soil Conservation District by staking and checking for completion the following farm ponds.

Delber Durrett farm constructed a farm pond totaling 1097 cubic yards.

Two farm ponds were constructed on the Harley E. Durrett Estate. Each pond totaled 1097 cubic yards of earth moved.

These farm ponds were constructed for livestock water. The additional water will aid in obtaining a better grazing program by getting better livestock distribution.

If you are in need of a farm

pond, terraces, diversion terraces, irrigation pipeline or a soil and water conservation plan for your farm or ranch, contact your local

Soil Conservation District Supervisor or the Soil Conservation Service office in the Randall County courthouse.

## YOU'RE INVITED TO SEE OUR NEW COLLECTION OF Hallmark Cards FOR EVERY OCCASION

29 again?

### BIRTHDAYS

For everyone you know . . . Hallmark Birthday Cards . . . in beautiful, humorous, or modern designs for every age, every taste.

### ANNIVERSARIES

Whether it's their first anniversary or their fiftieth, you'll find a Hallmark Anniversary Card that's just right. Choose yours today from our wide selection.

### CONGRATULATIONS

In our new collection you'll find special Hallmark Cards to say "Congratulations" for a new baby, a new job—or any special occasion

### WEDDINGS

Our Hallmark Cards to congratulate the bride and groom say "you care enough to send the very best." We also have special cards for engaged couples.

### GET-WELL

Hallmark Get-Well Cards are the perfect way to send a smile to someone sick. Come in and select yours today.

### FRIENDSHIP

Keep friendships bright with a Hallmark Card "just to say hello." Your friends will appreciate your thoughtfulness.

And throughout the year, see our displays of Hallmark Cards for special occasions such as Christmas, Valentine's, St. Patrick's Day, Easter, Mother's Day, Father's Day, Graduation, Halloween, Thanksgiving, and New Year's.

You'll enjoy shopping for your Hallmark Greeting Cards in the pleasant atmosphere of our new card department, where there are always friendly people, ready to help you. And you'll like the convenient, easy-to-see displays of lovely Hallmark Cards—the cards that tell your friends "you care enough to send the very best." We're looking forward to your visit.

THE CANYON NEWS

# Cherry Blossoms

BY DOVIE CHERRY

Twinkle, Twinkle little Sputnik,  
How we wonder—Whutnik?

Got a crick in your neck?  
Strained vision? Aha, Sputnikitis,  
that's what it is! Yes, ever since  
it was announced that Jerry Har-  
bour, WT geology instructor, had  
seen Sputnik, people have sure  
been looking up.

Even if the majority of people  
didn't see a satellite they should  
have seen a lot of astronomical  
beauty which we bet they hadn't  
taken time to just gaze at in many  
a moon.

Like Mrs. David Compton said  
one night last week when a group  
of Pueblo Courts residents were  
out searching the skies for Sput-  
nik, "We surely are getting a good  
look at the Milky Way."

It seems that most of the small  
fry are very unimpressed by it all.  
After all, there's something better  
than an old satellite just most  
any night on television. Although,  
some of the younger set in our  
block did get rather excited the  
first night after it was announced  
that you might have a chance of  
seeing the Russian's pride and

glory.  
When Venus made her usual  
brilliant appearance in the south-  
western sky, at least I think it's  
Venus, there was a solid chorus  
of young voices, "Sputnik!"

Yes, there's no doubt about it.  
There's a lot of comment and will  
be comment for sometime about  
the satellite, what it's going to  
mean to the United States, dis-  
armament and various other inter-  
national problems.

That's why the community pro-  
gram on international relations  
which is scheduled to come off  
Nov. 4 should be especially in-  
teresting.

Disarmament is to be discussed  
from three points—domestic, inter-  
national and military—by a panel  
of three headed by a moderator.  
Two of the panel will be home  
town folks, but one will come from  
out of town.

Watch for stories about the pro-  
gram. A preliminary story is in  
this edition of The News. Between  
now and Nov. 4 you might be  
thinking about the problem your-  
self and find you have a few ques-  
tions you would like answered.

Speaking of community projects,  
Jean Louder has asked me to  
mention that names of donors to  
the Christmas card project will not  
be published each week as was  
told to a number of clubs. In-  
stead, a total list of persons do-  
nating to the fund will be pub-  
lished in the Christmas edition of  
The Canyon News.

Well, let's take a little of the  
attention from Sputnik, Queen  
Elizabeth, disarmament and what  
have you and focus the spotlight  
for awhile on homecoming, which

is, of course, this weekend.  
The class of 1932 will mark  
their silver anniversary this year  
at the homecoming festivities.  
Six of the graduates of that class  
are living now in Canyon. The  
six are Mrs. Lillian Chambers  
Smith, Leo Cooper, T. L. Devin,  
Mrs. Otis Parker (who will have  
open class for the class at her  
home Friday night), Mrs. J. L.  
Gilmore and Mrs. W. E. Miller.

A number of former Canyonites  
are expected back for a look not  
only at former classmates and alma  
mater but their old home town as  
well.

Former Canyonites are Mrs. Mike  
Hunt (Audrey Cayton) of Portales,  
Mrs. Frank Spring (Ethel Ruth  
Collins) of Friona, Mrs. Frank  
Riddle (Wilmoth Gamble) of Odes-  
sa, Mrs. Joe R. Hale (Maribob  
Huckabee) of Abilene, Mrs. H. F.  
Axtell (Freda Oberst) of Ignacio,  
Colo.

And, Mrs. Hubbard Hathaway  
(Lorine Robbins) of Belen, N. M.,  
Madge Aline Rusk of Pampa, Mrs.  
Evelyn Seastrand (Evelyn Shank-  
lin) of Bellaire, Martha Strain of  
Chino, Calif., William Strain of  
Austin, Mrs. Harry Tucek (Sue  
Wallace) of Tucumcari, Mrs. W. L.  
Cockrell (Grace Williams) of Bas-  
trop, La., Mrs. D. Gordon Cobb  
(Ruth Wiseman) of Seminole, and  
Mrs. Lorene Williams of Morse,  
Texas.

A 1932 graduate expected back  
and coming the longest distance  
will be Dorothy Staley of St. Louis,  
Mo. In addition, Milton Morris,  
executive director of the Ex-Stu-  
dents Association, said Byron Perry  
of Santa Fe, N. M., Jim Crowder  
of San Antonio, and Mrs. J. C.  
Putman (Margaret Shears) of Al-  
bany, Texas, were other out of  
towners expected.

The class of 1932 should have a  
gay old get-together.

Say, it suddenly occurred to  
me that Halloween is next week.  
Well — Booi!

Wish I could think of someone  
to send my favorite Halloween  
card to. Oh, it's a darling card.  
On the front is pictured a Charles  
Adams' type woman creature in  
tattered black dress and long, black  
witch hair. While she plays the  
piano by ghostly candlelight, she  
gazes at you with a half insane  
or bewitched look on her face.

Inside comes the cheerful greet-  
ing, "Pretty ghou, you're like a  
melody."

And one final announcement.  
Don't forget the World Community  
Day to be observed by the United  
Church Women Nov. 1 in the base-  
ment of the First Methodist Church  
with a covered dish luncheon at  
12:15 p. m.

Theme of the program is "Bread,  
Freedom, Dignity of Man." Each  
participating group is to bring a  
box of warm clothing for dedica-  
tion.

Howdy Exes!

## Mrs. S. L. Terry Is Amity Hostess

The Amity Club met with the  
vice president, Mrs. S. L. Terry,  
with Mrs. C. I. Danner and Mrs.  
R. D. Lowry serving as co-hostess-  
es.

Roll call was answered by a joke,  
cute saying or a reading. Activity  
for the afternoon was making mock  
pillow tops. Apple pie ala mode,  
potato chips, mints, tea and coffee  
were served.

Present were Mrs. John Wright,  
Mrs. T. T. Fain, Mrs. J. C. Dowd,  
Mrs. R. E. Gill, Mrs. G. B. Combs,  
Mrs. Danner, Mrs. Terry, Mrs. Pen-  
nie Cox, Mrs. W. I. Wester, Mrs.  
W. T. Davis, Mrs. Henry Cone,  
Mrs. Mary Burtz, and a guest, Mrs.  
W. J. Stewart.

The next meeting will be with  
Mrs. Fain. Roll call will be an-  
swered by "Thought for the day."

## Trip to Dallas Made by Group — See "My Fair Lady" and State Fair

A group of 33 persons from  
Canyon and Amarillo traveled by  
bus to Dallas last weekend to see  
the Saturday night performance of  
"My Fair Lady" at the State Fair  
Music Hall.

The group left early Saturday  
morning and arrived in Dallas  
in time for lunch. During the  
afternoon, a tour was made of  
the State Fair.

Of the play, Mrs. W. A. Moore,  
who assisted Dr. Ples Harper in  
arranging the trip, said the musi-  
cal was quite outstanding. "It kept  
the spirit of the play as well as  
having fine music." He also men-  
tioned as outstanding the lyrics.  
"Clever, witty as Shaw's sayings"  
... the setting ... "two revolving  
stages, expertly done" ... and the  
tempo of the musical ... "brisk,  
wonderful ... not a dull moment."  
The Broadway production had as  
its stars Rex Harrison and Julie  
Andrews. Starring at the State  
Fair were Brian Aherne and Anne  
Rogers.

A highlight of the fair which the  
group saw Saturday afternoon was  
the art show. One of the Canyon  
party, Isabel Robinson, said the  
show, which was in three divisions,  
was "quite superior to the average  
show in Texas."

Displayed were Toulouse-Lau-  
trenc's Parisian scenes; the 19th

## Umbarger News

charged from the Army, after  
serving a year in Alaska.

Lewie Raef has been discharged  
from the Navy, after four years of  
service. Lewie is the son of Mr.  
and Mrs. Lewie Raef Sr.

## Methodist to Have Homecoming Sunday

A church homecoming for all  
ex-members is to be held Sunday  
at the First Methodist Church.  
The activities for the day are to  
begin with regular morning wor-  
ship at 10:50 a. m. followed by a  
luncheon and an informal program  
in the afternoon on the history  
and past activities of the church.

At the worship service, the Rev.  
Carlton Thomson, a former mem-  
ber and now pastor of the First  
Methodist Church in Wheeler, will  
be guest speaker.

Immediately following the morn-  
ing service, luncheon will be  
served in Fellowship Hall. The  
Woman's Society of Christian Ser-  
vice will be the co-ordinating or-  
ganization at the luncheon hour.  
Each Methodist family is asked to  
bring enough lunch for themselves  
and for a visitor.

The afternoon program, begin-  
ning about 1:30 in the sanctuary,  
has been planned by Dr. Ruth

Lowes and Mrs. Earline Moreman.  
Mrs. Grace Warwick will preside  
at the program which is to include  
a presentation of the history of  
the church by Dr. L. F. Sheffy,  
a display of pictures of former  
church groups and modeling of  
clothes worn in former years by  
church members.

The program will end at approxi-  
mately 3 p. m. with a period of  
meditation. There will be no eve-  
ning service at the church.
